

As you may have expected, literature is affected by the May 1, 2009 Limited Warranty changes and enhancements. Trane has made every effort to provide you with updated literature in a timely manner.

- Updated consumer literature brochures will be available for ordering the last week of April and ship by the first week in May.
- Other collateral materials that are not consumer facing, such as the Product Foldout and Trane Difference will be updated by the end of the 3rd quarter.
- Permanent adhesive labels will be available for updating your existing literature inventory.
 - These labels will notify the consumer that the limited warranty terms are changing and the effective date.
 - A package of 100 labels and an instruction sheet for placing the labels (see below), will ship with each literature order beginning April 20th.
 - Additional labels can be ordered from ComfortSite by Pub # 72-1253-01.
- Updated Use and Care Guides and IOMs, which include limited warranties, will begin shipping with products manufactured on May 1st. Your current inventory is eligible for the new limited warranty if installed on or after May 1st. Until your current inventory and pipeline inventory is exhausted, the Use & Care Guide and IOM must be discarded and replaced by the dealer with up-to-date warranty documentation. The distributor can provide updated documents along with the memorandum of shipment or the dealer can print as required. Updated Use and Care Guides and IOMs will be available in the product information section of ComfortSite as of April 22nd.
- The Limited Warranty handbook will be updated and made available on ComfortSite as of April 22nd.
- The 2009 Residential and Light Commercial Handbook will be updated electronically only and made available on ComfortSite as of May 1st.

Thank you for your support, and for your continued dedication to provide the best options and services to your customers. If you have any questions, please feel free to contact us at julie.mclean@trane.com or mac.deal@trane.com.

APPLY THE PERMANENT LABEL AS SHOWN BELOW
 SO IT COVERS THE ENTIRE WARRANTY COPY BLOCK ON THE BACK OF
 THE APPLICABLE CONSUMER PUBLICATION.

TAKE CARE TO NOT COVER UP THE
 TRANE BRAND WITH THE LABEL.
 IT SHOULD FIT JUST UNDER THE
 PHOTO AND WITHIN THE GRAY
 BACKGROUND COLOR.

*Thank you for helping save valuable resources by affixing the
 enclosed permanent labels to your current literature inventory.*
